

PUBLICSECTORVIEWS: UK Police Software and IT Services Supplier Landscape & Market Trends 2017-2018

AUTHOUR: Dale Peters

DATE: October 2017

TYPE OF PUBLICATION: Report

LENGTH OF PUBLICATION: 32 pages

SCOPE OF THE REPORT

In this report, we discuss the Top 10 SITS suppliers to the sector and consider how they are competitively positioned. We give our view of their recent performance and prospects in the sector. Moreover, we highlight some of the interesting and innovative suppliers that sit outside the Top 10.

WHO SHOULD READ THIS REPORT

- Suppliers who are actively engaged in the Police market and suppliers that are looking to break into this rapidly growing area
- Suppliers looking to partner with, or acquire, other players that understand the police IT sector
- Investors identifying and evaluating software, IT services and business process services suppliers in the sector and looking for insight on the sector trends and growth prospects
- Police and justice organisations evaluating potential suppliers of software, IT services and business process services - both established players and up and coming ones - and comparing their performance and prospects.

WHAT YOU'LL LEARN FROM READING THIS REPORT

- An overview of the market including opportunities and challenges
- Which companies are leading the pack
- Which companies are biting hard at their heels.
