HOW WE PROMOTE YOUR PARTNER SEARCH

We'll create a full colour flyer with details of your partner search (see examples below). The flyer will include details of the types of partner you are looking for and the context for the search and, most importantly, the benefits to the candidate of partnering with your organisation. The flyer will be downloadable through all our marketing channels including our website and social media feeds. We extensively promote your partner search in our UKHotViews email, with multiple appearances during the period that applications are open. We also notify our network of investors, corporate advisors and industry associations, as well as our extensive database of start-ups and scale-ups.

DON'T TAKE OUR WORD FOR IT...

“Capita engaged with the TechMarketView Innovation Partner Programme on 3 occasions and each time TechMarketView presented us with really exciting and innovative start-ups and scale-ups that met our brief.”

John Downes
Partner, Capita Scaling Partner

“The programme was a success, with a significant number of very strong applications from north-based organisations. We're progressing conversations, with a view to joint go-to-market activities in the coming months.”

Paul Buxton
Vice President Utilities and North Sector, CGI UK

“Through the TechMarketView Innovation Partner Programme we were introduced to several credible partnership candidates and we are discussing commercial terms with a number of them. A fantastic result!”

Enzo Brienza
Channel Alliances Manager, InterSystems
